

A Message from Secretary of State Joe Meyer

Dear Wyoming Citizens:

Your vote matters! Learn the facts and help make the decisions. Elected officials, candidates and political parties are not the only ones who can make decisions about our government. Take a look at the constitutional amendments. What do you think? It's the people's constitution. It's your constitution. Have your say.

There are also many offices up for election this year. If you are 18 years or older you have an opportunity to vote. Vote on November 7th.

Sincerely,

Joe Meyer, Secretary of State

Wyoming's 2006 Constitutional Amendments

Constitutional Amendment A:

The adoption of this amendment would clarify that all monies deposited in the Permanent Wyoming Mineral Trust Fund are inviolate permanent funds of the state.

For Against

Constitutional Amendment B:

The Wyoming Supreme Court has held that school funding must be equalized among all school districts in the state.

The adoption of this amendment would repeal the current limitation on the amount of property tax revenues that may be redistributed by the state through the School Foundation Program Account from school districts with greater property tax revenues to other school districts in the state.

For Against

Constitutional Amendment C

This amendment authorizes the creation of permanent funds for two purposes: First, higher education scholarships, which include the current Hathaway scholarship program; and second, improving the quality of higher education. The principal in the funds, regardless of the source of the funds, cannot be expended. The earnings must be used for the purposes specified and the legislature is authorized to regulate how the earnings are used. Earnings from funds in the current Hathaway student scholarship account are intended to be used for college scholarships. The amendment would also allow the funds to be invested as the legislature authorizes, including in stocks.
