MEMORANDUM

RE: Student Educational Records

FROM: Administrative Services Division

DATE: June 4, 2015

There has recently been a high demand for authentication requests for educational records submitted by students. The submissions for student records include but are not limited to transcripts, diplomas, certificates of attendance and grade modules that need to be authenticated, (apostille or certificate), for use in a foreign country. Due to urgency of processing and obtaining these documents, we are providing students, parents and registrars with an explanation and example of how these records must be assembled before arriving in our office.

The student record, an official record maintained by the school, must be certified by the registrar or other authorized faculty member. The certification must include a signature and the title of the authorized faculty member. Some schools have a stamp or seal which is acceptable but is not required. The authorized faculty member's signature must then be notarized by a Wyoming Notary Public, and a notarial certificate must be attached to the school record.

Please complete the attached notarial certificate which may be used, but similar notarial certificates are also accepted. Once complete, please mail the documents to the follow address:

Wyoming Secretary of State's Office
ATTN: Karlie Walter
2020 Carey Avenue, Suite 600
Cheyenne, WY 82002-00200

Please also include the attached Wyoming Authentication Request Form, \$3.00 per authentication (cash, check or money order payable to the Wyoming Secretary of State), and a self-addressed, pre-paid envelope so the documents can be returned or forwarded once they have been completed.

I, _____, _____,

of _____, do hereby certify that the attached
