

Write-in Candidates

Wyo. Stat. §§ 22-5-215, 22-14-114(a) & 22-16-117

22-5-215. Nomination of partisan candidates and write-in candidates.

On each party ballot the candidate or candidates equal in number to the number to be elected to each office who receive the largest number of votes shall be nominated and shall be entitled to have their names printed on the ballot for the next general election. A write-in candidate shall not be nominated and shall not be entitled to have his name printed on the ballot for the next general election unless he received at least twenty-five (25) write-in votes in the primary election and is a registered voter in the political party for which he was nominated on the day of the primary election. An unsuccessful candidate for office at a primary election whose name is printed on any party ballot may not accept nomination for the same office at the next general election.

22-14-114. Counting of ballots.

(a) For ballots designed to be counted by machine, each individual vote shall be determined by the voting equipment and shall not be determined subjectively by human tabulation except when the intent of the voter is unmistakable but the ballot was received in such damaged, soiled, or other condition that it is rejected by the machine. The secretary of state may promulgate rules establishing standards for counting such ballots. For ballots not designed to be counted by machine, only votes clearly marked, as provided by W.S. 22-14-104 and rules promulgated pursuant to this code, shall be tallied. For write-in votes, names which are misspelled or abbreviated or the use of nicknames of candidates shall be counted for the candidate if the vote is obvious to the board.

22-16-117. Content of state abstract.

The state abstract of an election shall indicate by county the number of ballots cast by each political party, if known, the total votes cast for each candidate, the names of all write-in candidates receiving a sufficient number of votes to affect the result of the election and the number of votes for each, and the number of votes received for and against each ballot proposition.
