## **Secretary of State's Office Announces New Polling Place Locator Feature for 2024 Election**

**CHEYENNE, WY** – For the 2024 Election Cycle, the Wyoming Secretary of State's Office is announcing a new polling place locator, where voters can enter residence information to locate their polling location or voting center for the Primary Election on August 20th, and the General Election on November 5th. Voters will also be able to view ballot information for candidates certified by the Wyoming Secretary of State. The polling place locator feature is one of many tools voters have to learn more about the 2024 Election in Wyoming, and can be found on the Wyoming Secretary of State's ["Wyoming Votes" webpage](#).

"Our new polling place locator provides a great tool for voters in locating their polling place and viewing sample ballots for statewide and legislative races," Secretary of State Chuck Gray said. "Our office's Technology and Elections Divisions did a great job spearheading this effort. At the Secretary of State's Office, we remain committed to providing enhanced services for the people of Wyoming."
