Secretary of State Files Motion to Dismiss Lawsuit Seeking to Remove Secretary Gray from Office

CHEYENNE, WY – Wyoming Secretary of State Chuck Gray has filed a motion to dismiss a lawsuit filed in Wyoming District Court seeking to remove Secretary Gray from office under the Fourteenth Amendment (*Tim Newcomb v. Chuck Gray*).

In a statement, Secretary Gray said, “We are acting swiftly to win these meritless lawsuits, which are nothing more than leftist attempts to interfere with our Republic. Tim Newcomb’s attempts to remove me from office using the judicial system because I support President Trump shows how far the radical left will go, and the weaponization of the Fourteenth Amendment by the radical left to try and remove conservatives from office undermines the sanctity of the Constitution. While we take these outrageously wrong lawsuits extremely seriously, I am confident that we are going to win.”
