Secretary Gray Applauds President Trump's Order for New Census Excluding Illegal Aliens from Census

CHEYENNE, WY – In response to President Trump's announcement ordering a United States census excluding illegal aliens, Secretary Gray made the following statement:

"I applaud President Trump's order of a new, accurate census that will completely remove illegal aliens from the count. I support President Trump's order 100%. This is a very important issue, and one that has massive implications on our elections. Biden's inaccurate count diverts Congressional representation away from conservative states like Wyoming. As Wyoming's chief election official, I will be doing all I can to support President Trump's decision to order a new census, which is an important election integrity measure."
