Secretary Gray Submits Comment in Support of America First Legal Foundation's Petition to Require Proof of Citizenship on Federal Voter Registration Form

CHEYENNE, WY – On October 20th, Wyoming Secretary of State Chuck Gray submitted a comment in support of America First Legal Foundation's petition requesting that the Election Assistance Commission amend 11 C.F.R. § 9428.4 and the federal voter registration form to require documentary proof of United States citizenship for voter registration in all states subject to the National Voter Registration Act. This is also a key part of President Trump's Executive Order Preserving and Protecting the Integrity of American Elections. During the 2025 Legislative Session, Secretary Gray worked with the Wyoming Legislature to pass House Enrolled Act 57, which requires proof of citizenship and proof of Wyoming residency to register to vote in all elections in Wyoming.

"I stand in complete and total support of America First Legal Foundation's petition to require documentary proof of United States citizenship to register to vote on the federal form used across the country," Secretary Gray said in a statement. "Proof of citizenship for registering to vote is so important. Only United States citizens should be voting in American elections. Period. This is a key priority of President Trump and crucial to implementing President Trump's Executive Order to Preserve and Protect the Integrity of American Elections. I'm proud of our work in passing proof of citizenship to register to vote in Wyoming, requiring proof of U.S. citizenship and proof of Wyoming residency to vote in all Wyoming elections. The Election Assistance Commission should grant America First Legal's petition by setting forth common-sense proof of citizenship requirements for all states."
