Secretary Gray Applauds Wyoming Supreme Court's Decision Upholding Wyoming's Primary System

CHEYENNE, WY – On October 1st, the Wyoming Supreme Court upheld Wyoming's Primary system, affirming a 2025 decision by District Court Judge Nathaniel Hibben granting summary judgment in favor of Wyoming Secretary of State Chuck Gray. The ruling upholds Wyoming's ban on crossover voting in Wyoming primary elections. Wyoming's primary crossover voting ban has been a key priority of Secretary Gray with the passage of House Bill 103 in the 2023 Legislative Session. This primary system has been successfully implemented in the 2024 and 2026 Primary Elections.

"Today's Supreme Court ruling is a huge win for Wyoming elections, which we have consistently worked to defend," Secretary Gray said in a statement. "This is a huge win. Banning crossover schemes and protecting Wyoming's primaries have been cornerstones of our administration's election integrity agenda since I took my oath of office in 2023. With this ruling from the Wyoming Supreme Court, the courts have time and again affirmed our work and our position. These common-sense laws are constitutional, and pivotal to ensuring election integrity in Wyoming."
