***Re: The Political Persecution of Tina Peters***

Dear Governor Polis,

This letter pertains to Tina Peters, who was wrongfully convicted for daring to call out the truth. As you know, Tina Peters has been granted a full and unconditional pardon by President Trump, but remains held in captivity by Colorado authorities. Tina Peters was wrongfully convicted and is a victim of left-wing political persecution.

Your defiance of the truth and of President Trump's full and unconditional pardon are deeply disturbing and disgusting. Tina Peters is a non-violent woman with deteriorating health who has been subject to unusually harsh conditions while in Colorado custody, including violent encounters with other inmates, and even reported solitary confinement. And Tina Peters is innocent.

I ask you to finally do the right thing and free Tina Peters.

Sincerely,

A handwritten signature in blue ink that reads "Chuck Gray". The signature is fluid and cursive, with the first letters of "Chuck" and "Gray" being capitalized and prominent.
